Comments:

COUNTRY OF ORIGIN: USA

Natural source mixed tocopherol (Vitamin E) oil, RRR-alpha-tocopherol, RRR-beta-tocopherol, RRR-delta-tocopherol, and RRR-gamma-tocopherol.

The shelf life for this product is 36 months.

Certified indicates data obtained by statistically designed sampling audits.

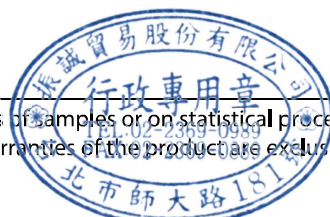

Covi-ox T-50 meets the monograph requirements of the current National Formulary (USP-NF, Tocopherols Excipient) and FCC (RRRTocopherols Concentrate, Mixed, (Low-alpha-Type) and current specification for food additives of European regulation (E306, Tocopherol-rich Extract).

The above mentioned product contain(s) ingredient(s) which may be derived from genetically modified sources. Consequently this product is subject to labeling under the Regulation (EC) No. 1829/2003 and 1830/2003 on genetically modified food and feed.

Under monitoring, the product is PCR negative.

Product complies with Commission Regulation (EC) No. 2023/915, as amended. Individual products are not necessarily tested.

This product is a Food Grade Product.

The Information contained herein is based either on analytical tests of samples or on statistical process data; it is intended solely for purposes of comparison with the established specifications for the product. Warranties of the product are exclusively as set forth in the applicable contract documents.
